REACH Compliance Certification

In compliance with updated list of substances dated 27 June, 2018

To Whom It May Concern:

Novagard Solutions, Inc.[®] is pleased to report that all of the products manufactured by the company, inclusive of FoamSeal PVC Foam, Novagard Industrial Silicone Products, Novagard UV[®] Products, NovaFlex[®] and NovaBond[®] family of silicone and modified silicone sealant products, and Versilube[®] Silicone Compounds and Greases¹ comply with the most recent REACH “Candidate List of Substances of Very High Concern for Authorization” issued on the above referenced publication date.

Specifically, none of the products manufactured and sold¹ by Novagard Solutions, Inc., inclusive of the product families named above, contain any “Substances of Very High Concern” as listed in the latest publicized listing. (<http://echa.europa.eu/candidate-list-table>)

Since its establishment over 35 years ago, Novagard Solutions, Inc. has provided engineered materials solutions for demanding applications in the automotive, building construction, electrical, medical, general industrial, and product assembly industries. The company has made an everlasting commitment to quality and continuous process improvement as demonstrated by its ISO 9001:2015 and IATF 16949:2016 registrations. Since the 1980's, Novagard Solutions has been dedicated to leading the industry with environmentally superior specialty chemical products. Novagard Solutions continuously strives to develop new products and technologies which minimize environmental impact and promote the health and well-being of their customers and employees and is proud to announce its compliance with Article 59(10) of the REACH Regulation

For other information regarding this topic or about Novagard Solutions, Inc. and their extensive list of engineered products please contact them at novagard@novagard.com to reach a Regional Sales Manager in your area or Customer Service by phone at 1-800-380-0138 (USA).

Sincerely,

Terry Smith, Sr. Manager of Regulatory Compliance

Note 1: Versilube G322L contains a very low concentration of Zinc Chromate which is non-compliant.
